

You can share Miss Cameron's room,
the 2nd story front for \$4.50 a
week, or have a room by yourself
on 3rd floor for \$5.00 a week, &
\$1.00 a week when you are out.
She seemed a real nice sort of
a woman, with a good face - Her
husband is living, and she has
only two daughters - one the nurse,
and a younger one - She said
they had good plain meals, &
when I spoke of cleanliness she
said "Oh yes all the nurses
want things clean" - The
place is registered as a home
for nurses and last week

There were four doctors there
looking for a nurse - & you
see this would be a great
advantage to you. I could
not ask for the same as
she has house cleaning, but
the parlor looked neat and
plain - There is a
lady who wants two of her
rooms for a month or so, &
is about deciding. So you will
have found good as soon
as you can if you care to
go there, and when it will
be - I have told you all

I know, and I was very much
pleased with the manner & the
general look of things, and with
the idea of your being right in
a host of cases - I think
it over and let her know - I
suppose it must be for a couple
of weeks yet, but Mrs Cameron
ought to know as soon as possible,
both or ac. of the other party, &
if you take the room by yourself
she will have a few things to get.
They have only been in the house
since Feb. I think - I told her I
would let her know definitely as
soon as I heard from you - It is
certainly a low board for a good
home - Much love to Sister -
